Demand of A. L. Gustetter, testimony in case of S. O'Connor, alleged insane, \$50.00, disallowed

Upon motion, duly carried, the clerk was instructed to draw warrants on road fund, in payment demands, by county road, as appraised by viewers.

Upon motion, duly carried, it was ordered that the county road superintendent be instructed to open road between N. 1-2 and S. 1-2 of section 9 township 22 S. R. 13, E. and to fence both sides of said road.

Henry Ohm appeared before the board and asked that they reconsider their action with reference to road damages. The board refused to rescind action.

Upon motion, duly carried, it was ordered that J. B. McClanahan be allowed \$20.00 per month indigent relief until further action.

Upon motion, duly carried, it was ordered that the treasurer be instructed to forward to territorial treasurer the amount of territorial road funds now in his hands.

The board now opened bids for erection of bridge at Pesqueira, as per plans and specifications.

The following bids were presented: O. J. Omstead, \$928.05; Ed. Burton & Son, \$905.50; Chas. Moody, \$887.70.

After full consideration of said bids, upon motion, duly carried, it was ordered that all bids be rejected.

El Paso Bridge & Iron Co., presented plans for steel bridge and bid for same amounting to \$868.00.

The board ordered that bid be held for further consideration and information.

A petition, signed by citizens and taxpayers was presented asking for change in county road as follows: Commencing at a point in section 17, township 22, south range, 17 E. and extending to a point in section 10, township 23, south range, E. Petition accepted and proper legal notices ordered posted and March 7th, 1911, date set for hearing said petition.

A petition signed by citizens and taxpayers was presented asking for a county road as follows: Commencing at point where the county road leaves Lyle Canyon going to the school house; thence up a small draw about 300 feet; thence on a ridge in a southwesterly direction to a point on the Canille-Huachuca siding road; thence over the same road, past Wm. Parker's and cut down the high hill at least four feet; also fix several arroyos where the same crosses the county road thence on to the Lochiel-Elgin road. Petition was accepted and legal notices ordered posted and March 7th, 1911, date set for hearing said petition.

Petition signed by citizens and taxpayers was presented asking for public road from the end of public road north of the old Trench mine, near where the Alum Gulch and Trench Gulch connect.

Contract bond of Sing Wong, feeding prisoners confined in county jail, \$500.00, with Geo. B. Marsh and Otto H. Herold as sureties, approved.

Upon motion, application, Chairman Ashburn was granted a leave of absence for twenty days dating for from February 10th, 1911.

The board now adjourned until March 7th, 1911.

Approved, O. F. ASHBURN, CHAIRMAN.

Attest: PHIL. HEROLD, CLERK.

CANILLE NOTES.

This week Jack Parker visited home folks.

The recent fine rains made everybody happy.

Mr. Armstrong of Naco, was here this week buying cattle.

Mrs. Musgrave and Mrs. Tubert of Bisbee visited Mrs. Parker this week.

T. M. Yearly is erecting a neat three-room house on his homestead.

Mr. Davis is busy preparing his farm for planting beans and potatoes.

Frankie Kane, Myrtle James, Eva and Bennett Moson, are new pupils in our school.

Mrs. F. B. Moson and children are visiting Mrs. Moson's parents, Mr. and Mrs. W. A. Parker.

Mrs. Lillie Blausen of Tucson, is visiting her father "Daddy" Clark who is convalescent from his attack of grippe.

The young men of Canille gave a ball in honor of Mrs. Moson, Miss James and Miss Kane. It was a delightful affair.

Mrs. E. C. Bartell returned Wednesday from Nogales where she spent a week with her daughter, Mrs. R. L. Parker.

Chess Bartell and Edward McFarland have returned from a visit with relatives in Douglas. Edward will attend our school until the present term ends.

We have learned that Lee Parker is the proud father of a beautiful daughter. Don't be vain Lee; we know the child inherited its good looks from Beulah.

Only two more weeks of school. March 28th Mrs. Henry Pyeatt will entertain the school children. Long live Mrs. Pyeatt. She is a friend of all the children and needless to say the guiding star and helper of the school.

A STUDENT.

"LONG-DISTANCE" JERSEYS, TRULY.

That the Jersey cow is a pioneer in the dairy business and never fails to "make good" under the most severe tests is almost an axiom, and an every-day occurrence among breeders. A recent instance which particularly emphasizes this fact is where a herd of Jerseys was shipped from Canada to Arizona, adjoining the Mexican border, a distance of nearly 3,000 miles, and sixteen members of the herd were soon after reshipped and exhibited at the Arizona State fair, where they won many prizes. One of the noted cows in the herd is Lakefield Bess, whose beauty and quality have won for her the reputation of having never been beaten. She has a seven-day butter test of 17.85 lbs. and her daughter tested 15.1 lbs. This herd, owned by Mr. H. M. Claggett, of Nogales, Ariz., competed with a number of dairy herds from outside the State as well as local herds, and won the sweep-stakes honors, which goes to show the prestige of the Jersey in any field.—The Jersey Bulletin.

TERRITORIAL NOTES.

Items of Interest Culled From Our Exchanges.

The reorganization of the Cieneguita Copper company is now being effected in New York city. The company owns valuable properties in the Sahuaripa district including mines and a smelter at Cieneguita. The president of the old organization is George W. Beebe, and he will possibly be the head of the new company.

Matthew O. Roberts, an Indian 22 years of age and pupil of the Papago Indian school at Sacaton, successfully stood the civil service examination for steam engineer in the Indian service, being, the Star says, the first Indian to take such technical examination in Tucson, and probably the first in the territory. — Prescott Courier.

The final payment on the purchase of the Port Lobos railroad right of way from Sasco to Port Lobos, which F. M. Murphy, president of the Development Company of America, bought from W. H. Thomson and his associates for \$100,000, has been deposited in the Phoenix National Bank. A telegram appraising Mr. Thomson of that fact has just been received by him from an assistant of Mr. Murphy.

The ranchers of Dragoon and Russellville district are going to raise beans in abundance this year. So far 1500 acres have been put in readiness for planting which will begin very shortly. The rainy season has been a fairly good one and good crops are assured. For the past three years the bean crop raised on a small scale has been a successful one and the ranchers have taken heart and will go in heavy this year. — Cochise Co. Press.

ARIZONA'S SCHOOLS.

In efficiency and in the facilities afforded for the higher education of the youth of the territory, the University of Arizona ranks with the most advanced educational institutions in the country, says Governor Sloan. It furnishes the usual academic courses and also those leading to degrees in mining engineering, metallurgy, and civil engineering. The faculty and equipment are of the best.

The normal schools at Tempe and Flagstaff show a satisfactory increase in attendance over 1909 — 402 at Tempe and 68 at Flagstaff, besides 48 at summer session. The equipment is complete in each.

Conditions at the territorial industrial school continue to be satisfactory — 62 pupils: 58 boys and 4 girls.
